Please give full details of the complaint below. Where the evidence you are submitting supports your complaint, please put the evidence number which you have allocated against the correct sentence.

Section D – Important notes for Complainants

Please note that:

1. The CII has no authority to impose an order for financial award (including compensation) to the complainant in any circumstances. If you require financial redress you will need to submit your complaint to the relevant regulator and/or consider a claim against the other party's professional indemnity insurance where appropriate.

2. Making a complaint against a CII member is not a substitute for taking legal action where appropriate. If a complaint is currently or likely to be before the courts then the complaint will be stayed pending the determination of the courts.

3. If the complaint is being investigated by any other professional or regulatory body or other tribunal, then the CII will stay the complaint pending the determination of the other proceedings.

4. Not all errors made by a member will necessarily imply a breach of the Code of Ethics or lead to disciplinary action. Disciplinary action may be appropriate, however, where errors are of a significant volume to indicate a possible lack of professional competence.

5. If a member has given advice which, in hindsight, turns out to have been flawed, and as a result of which you have suffered loss, this is a matter for their or their firm's professional indemnity insurers and you may need to seek legal advice on this.
